Proper cart placement for automated collection

Remember to use only the green 64-gallon cart with the yellow lid for recycling.

To ensure the truck's automatic arms can lift the carts, please make sure to place carts at least 3 feet apart and away from other objects like parked cars, mailboxes and trees. Place wheels of cart toward your house.

Recycling cart with yellow lid - Place acceptable recyclables directly into the cart - **don't bag recyclables and no loose plastic bags**. Make sure all materials fit inside the cart with the lid firmly closed.

Trash cart with green lid - bag and the trash before placing it into your trash cart. No materials outside the cart will be collected.

Have your carts at the curb the night before or **no later than 6 a.m.** on your collection day.
